Dear Sir:

Since 1980, we have been publishing two specialized journals in English and in French on topics concerning parapolitics and intelligence. Today our two monthlies, Intelligence/Parapolitics and Le Monde du Renseignement/Parapolitique, include among their readers all major governments, many international organizations, much of the international media, and individual members of the general public interested in these subjects.

With the beginning of our sixth year of activity and within the framework of our journalistic work, the ADI has decided to establish contacts directly with you, as well as certain other members of our readership who represent governments, political parties, or international organizations of national or international importance. We would be interested in exchanging views with you, or someone who represents you, on questions concerning these topics of international significance.

We are at your disposition and would like very much to receive a reply. You can contact us at the above address. Thank you very much for any consideration possible.

Respectfully yours,

Olivier Schmiat,
Editor.
